

Tilden and Peabody Win Places in Final Round of Southampton Tennis Singles World Series Now Assured

MURRAY AND HAYES VANQUISHED AT NET

Loss Their Semi-final Matches in Meadow Club Tennis Tournament.

Special Despatch to The Sun.
SOUTHAMPTON, N. Y., Aug. 23.—It was the fate of Robert Lindley Murray, the noted "native son" of California, to fall a victim to-day to the brilliance and speed of William T. Tilden '22 of Philadelphia. Murray's defeat coming in the semi-final round of the annual invitation tournament of the Meadow Club by a score of 6-3, 6-3.

Theodore Roosevelt Pell, a former Middle States champion, went into the final round bracket in the upper half of the tournament, but was defeated by a score of 6-3, 7-5 and 6-3 by Tilden. Tilden will clash to-morrow at 11 o'clock in the final round for the Meadow Club trophy.

To those in the gallery the results in both matches were probably unexpected. Murray's reputation being such that few imagined that Tilden, brilliant though he has been this season, would encompass the downfall of the sensational expert from the Pacific coast. Tilden, however, was not seriously affected by his long lay-off from the courts and even this was not markedly effective, the first ball being a fault, frequently when the Californian tried to rush the net following in behind his weak ground strokes. Tilden generally had the advantage of Murray's battery of shots that had not been seriously affected by his long lay-off from the courts and even this was not markedly effective, the first ball being a fault, frequently when the Californian tried to rush the net following in behind his weak ground strokes. Tilden generally had the advantage of Murray's battery of shots that had not been seriously affected by his long lay-off from the courts and even this was not markedly effective, the first ball being a fault, frequently when the Californian tried to rush the net following in behind his weak ground strokes.

Tilden and Richards won. Tilden achieved another victory in the doubles, paired with Vincent Richards and holder with him of the national doubles title. Tilden and Richards defeated Throckmorton and Walter M. Hall at 6-3, 6-4 in the semi-final round. In the other half of the draw Walter T. Tilden and Richards defeated Throckmorton and Walter M. Hall at 6-3, 6-4 in the semi-final round. In the other half of the draw Walter T. Tilden and Richards defeated Throckmorton and Walter M. Hall at 6-3, 6-4 in the semi-final round.

Pell, who has been playing the best tennis this week he has shown in three or four years, mowed down the veteran Hayes by a score of 6-3, 6-3, 6-3. Pell, who has been playing the best tennis this week he has shown in three or four years, mowed down the veteran Hayes by a score of 6-3, 6-3, 6-3. Pell, who has been playing the best tennis this week he has shown in three or four years, mowed down the veteran Hayes by a score of 6-3, 6-3, 6-3.

HOWARD OUTPOINTS JEFF SMITH IN RING

Bayonne Boxers Clash Before 6,000 in Jersey City.

Johnny Howard, a policeman of Bayonne, is more popular with his fellow townsmen since he outpointed Jeff Smith, also of Bayonne, and he achieved additional honors in the ring of the New Jersey Exhibition Company, West Side hall grounds, Jersey City, last night, and in the eighth round Howard, with the better of the two, landed the knockout blow. Smith had the better of the third round, and in all the others Howard was the better. Smith butted continually with his head, but Howard was not affected greatly by such tactics.

In the sixth round Howard, with a back kick, cut Smith over the right eye, and he would bleed freely. Smith swung and hooked viciously at Howard, but the latter ducked and blocked with great cleverness.

Howard, who was in better physical condition than in many months, pinned Smith's hands every time the latter tried to fight, but in other respects fought fairly.

In the semi-final Frankie Callahan of the United States Navy outpointed Danny McFadden of Bayonne.

BAKE ADAMS GOES HOME.
Pittsburgh, Aug. 23.—Babe Adams, pitcher of the Pittsburgh Pirates National baseball club, has gone to his farm at Pittsburg, Mo., where he will spend the winter. Adams sustained an injured hand recently in a game at Chicago and has not been able to go on the mound since.

DOUBLE HEADERS IN HARBOR.
Haven baseball followers to-morrow night will have a real treat at Olympic Park. The Highbridge and Tropicana clubs will be seen in a double header against the New York Yankees. The Ironsides team, the best semi-professional outfit in the Newark vicinity of New Jersey, will clash with the Yankees.

World Series Players Exempt Until Sept. 15

WASHINGTON, Aug. 23.—It was learned officially to-day that the navy has decided to exempt the players of the world series from the call to sea duty until September 15. The exemption was recommended by the navy department and is subject to the approval of the war department.

BAKER'S APPROVAL SAVES BIG SERIES

World Baseball Games Probably Will Start on September 4.

By FREDERICK G. LIES.
The further announcement by Secretary Baker yesterday that extension of the work or flight regulations as applied to ball players will be extended to September 15 not only makes certain a world's series, but also assures the baseball public of a real test between skillful teams.

Neither the Cubs nor the Red Sox comprise a great club, but without doubt they are the best in their respective leagues. Both clubs have retained more players of class than any other teams in their leagues, which is one of the reasons they are on top.

However, the Red Sox would have been a total wreck had it not been for the intervention of their leader, Harry Frazee, who last winter skinned the cream of the Athletics when he purchased McInnis, Bush, Strunk and Schaefer. Frazee's former Athletics star added to the Red Sox that were left after Barry, Gainer, Lewis, Shore, Pennington, McNally, Shorten and Walsh entered the navy service.

The Cubs' greatest weakness is at second base. Since Kilduff enlisted in the navy Hollie Zieher has been playing the best ball in the league. Zieher is a very weak bat at third base, and Manager Barrow has been alternating Cochran and Coffey, minor leaguers, at that corner. Neither is a very good player, but they are better than the others.

When the teams face each other in the world's series there will be only one weakness on each club. Boston is very weak at third base, and Chicago has a hard hit when they lost Alexander, their pitching ace, in the first week of the season, while Pete Kilduff, second baseman, enlisted in the navy.

Chicago has a hard hit when they lost Alexander, their pitching ace, in the first week of the season, while Pete Kilduff, second baseman, enlisted in the navy. Chicago has a hard hit when they lost Alexander, their pitching ace, in the first week of the season, while Pete Kilduff, second baseman, enlisted in the navy.

TWO MORE RECORDS SET AT SARATOGA

Pigeon Wing and Polymelian Eclipse Track Marks in Sprint Races.

Special Despatch to The Sun.
SARATOGA, Aug. 23.—Although two tracks were closed and another other equalled the feature this afternoon at the race course here was the reception accorded Johnny Loftus on his return to the saddle. Harry Payne Whitney's brood mare, Pigeon Wing, ran five furlongs in the first race in 1:14.5, clipping one-fifth of a second from the record made by Eternal last week. Then Polymelian, the renowned sprinter owned by R. C. Coe, won the Luserna Handicap and with 14 pounds up covered six furlongs in 1:10.5, equalling the figures set by Lieut. Raymond Belmont's Jynx yesterday.

An hour later R. L. Ahl's aged bay gelding Little Nearer, with Johnny Loftus in the saddle, clipped three seconds from the record of the track mark for one mile and five-sixteenths, going the distance in 2:13.5. Each record performance received fervent applause, but the ovation accorded the two winners was overshadowed by the appearance of Loftus when he made his reappearance on the track.

The noted jockey, who is employed by K. M. McKee, had been "on the ground" for three months for "bad manners." Mr. Macomber lifted the ban on his famous rider yesterday. He expected to ride his employer's Hand Grenade, but when J. W. Widener, engaged him to ride Naturalist, Long before the names of the riders were placed on the board the report that Loftus was to ride circulated through the stands and the excitement was great.

Johnny had no luck on Naturalist. While in a contending position and seriously threatening Fairy Wand, the naturalist, who was the favorite, was pulled out of the race. The jockey had to pull up almost to a halt. This cost Naturalist a dozen lengths, but the great rider remained unshaken and, after the season started, he finished the race in a walk. This cost Naturalist a dozen lengths, but the great rider remained unshaken and, after the season started, he finished the race in a walk.

HIGH LIGHTS AND SHADOWS IN ALL SPHERES OF SPORT

FROM every indication the largest crowd that has witnessed a sporting event since the days the Roman hordes filled the Coliseum will throng the huge stadium at Sheepshead Bay to-day for the first of the two field days of the New York Police Department. Already 175,000 tickets have been disposed of. Many of the purchasers will be unable to attend, but the advance ticket holders who have to remain away greatly will be outnumbered by the last minute buyers. If weather conditions are favorable at least 100,000 persons will witness to-day's doings. It is hoped the R. R. will take notice. Racing at Sheepshead Bay to-day for the first of the two field days of the New York Police Department. Already 175,000 tickets have been disposed of. Many of the purchasers will be unable to attend, but the advance ticket holders who have to remain away greatly will be outnumbered by the last minute buyers. If weather conditions are favorable at least 100,000 persons will witness to-day's doings.

The programme arranged is worthy of the expected gathering. If there is anything the bluecoats have left off the bill of fare it is because it is not deserving of a place on the menu. A veritable pot-pourri of sport will be set forth. Eighteen track and field events will be contested among the police and the police reserves, Olympic, national and Metropolitan champions included. There will be plenty of bicycle races for those who cannot forget the lure of the days when every member of the family from grandpa down to the baby rode a wheel. Sputtering motorcycles driven by men of the department, who were stars in open competition, will shoot up the straightaway and around the oval, and the police will be in the thick of the big two mile bowl. Ralph De Palma, the automobile speed king, will meet his rival Darío Resta in a special ten mile match, and then test his Liberty motor driven Packard against an aeroplane.

With an aerial pseudo combat, in which forty-two army birdmen will be seen, another sham battle on terra firma, in which 1,000 soldiers, including mounted police, will take part, exhibitions of rough riding on mounted police, a drill by the Women Reserves, an exhibition by the police dogs and many other stunts it will have the old three ring circus looking like a side show. The stunts of Barnum & Bailey will have to dip their celestial pot pieces to the New York Police Department, the greatest showmen on earth.

Once More the "Indian Sign." Once more the "Indian sign," the psychological in sport that oftentimes is responsible for a champion falling before an inferior. Fate decreed Ichiya Kumage, the wiry little son of Nippon, who tennis experts all along declared is a most dangerous contender for the nationals, should draw Walter T. Hayes of Chicago as an opponent in the third round at Southampton. Two years ago in Chicago Hayes defeated Kumage and on Thursday at Southampton Walter repeated the victory. Entering the contest with a quiet confidence born of the knowledge he previously had beaten the best of the world, Kumage was not prepared for the tactics of Hayes. In vain Ichiya tried to combat the Chicagoan's tactics, but it was plain the player from Nippon could not develop his best against his rival. In sporting parlance the "Indian sign" was against him.

Baseball and the Individual. How minor a part the individual plays in baseball is evinced by the fact the second division Dodgers have the leading pitcher, Burleigh Grimes, and leading batsman, Zach Wheat, of the year in their lineup. Grimes, who met with sixteen straight defeats in the Pirates last season, under Robinson's tutelage has developed an uncanny skill and is the Nemeses of the National League hitters. Grimes stands third in victories in the National League. In shutouts he is eclipsed only by Vaughn in the National League and Walter Johnson in the American. He now is in the midst of the greatest winning streak of the year in either league, having triumphed in his last nine starts. In batting Wheat is leading the National League swatters with the splendid average of .347.

Jeff Healy Dies of Wounds. Another sports hero has joined the list of the brave young fellows who have given their lives for their country and flag. Word was received here yesterday that Lieut. Jefferson A. Healy, Columbia football captain of 1916 and star basketball player, had succumbed to wounds received in action. Coupling his athletic abilities with a sunny disposition and an engaging manner, "Jeff" will be mourned by countless friends. Of the stalwart Columbia gridiron leader it was said he had a heart bigger than himself. The sweet mother Lieut. Healy leaves behind can be comforted by memories of an dutiful and loving son a parent ever was blessed with, who bravely gave up his life in the cause for world freedom and democracy.

Epidemic of Records at the Spa. Still the record breaking epidemic at Saratoga rages. Two marks lowered and another equalled was the turf history contributed at the Spa yesterday. Is it the track, keen competition, something in the cane or what? Most racers seem to be in the fact that the course that has produced the most records in the last few years is the one that is being raced. Many records have been made on other tracks this season and the exceptionally keen competition and splendid racing weather undoubtedly have much to do with it. Whatever the reason for the frequent figure fracturing the fact remains it is helping to make the 1918 season the most brilliant in the annals of the turf.

Swimming Among Women. Interest in swimming is growing with the years, as evinced by the many successful aquatic meet this season. The increased interest in aquatics was aroused by woman's entry in the game. Much of the credit for gaining official recognition is due to Miss Charlotte Epstein and her associates of the Women's Swimming Association of New York, which has grown bigger and stronger than its parent association, the National Women's Life Saving League. In gaining its main objective the Women's Swimming Association only hoped enough to take the women's game to the University of Washington. The former players are stationed at Annapolis as officers and he obtained their services as assistant coaches. Assistant Surgeon Roles A. Rosenthal, medical officer attached to the Department of Physical Training, was centre at Minnesota and All Western occupant of that position for several seasons. Ensign Raymond C. Hunt, Naval Reserve, taking a special course at the Academy, was developed by Duke at 20.00 and Washington and Doble speaks of him as one of the best ends in the country.

Amateur Sports Stars Over There. Among the sports stars recently heard about from Over There are Lieut. Wesley Oler of Yale, the intercollegiate high jump champion; Major Isaac Lovell, the former Irish American A. C. hurdler; Lieut. Vere Windnagle of Cornell, the intercollegiate mile champion, and Lieut. Harold Dible, the former Seventy-first Regiment A. C. track captain. Over recently was cited for bravery and promoted. Major Lovell has been in active service with the field artillery. Lieut. Windnagle was one of the American aviators attached to the Italian forces which took part in the big drive against the Austrians. Dible, who left here a sergeant in the detail sent from the Seventy-first Regiment to the 166th Infantry—the old Sixty-ninth—has received a commission as Lieutenant.

SIX RUNS IN INDIAN'S RALLY. MURPHY BEATS OLD PAIS. Cleveland Overwhelms Washington in Eighth Inning. WASHINGTON, Aug. 23.—(American.)—Cleveland scored six runs in the eighth inning of to-day's game with Washington and won, 6 to 2. The score: CLEVELAND (A.) WASHINGTON (A.)

Philadelphia, Aug. 23.—(American.)—Chicago defeated Philadelphia to-day in the first of the two field days of the Philadelphia Athletics, scored two runs, helped a third around with a sacrifice and drove in the other three, including the winning run. The score: PHILADELPHIA (A.) PHILADELPHIA (A.)

Philadelphia, Aug. 23.—(American.)—Chicago defeated Philadelphia to-day in the first of the two field days of the Philadelphia Athletics, scored two runs, helped a third around with a sacrifice and drove in the other three, including the winning run. The score: PHILADELPHIA (A.) PHILADELPHIA (A.)

CAUSEY FALTERS IN NINTH, GIANTS LOSE

Pitcher Hits Batman, Then Three Hit His Curves and Cubs Romp to Victory.

Special Despatch to The Sun.
CHICAGO, Aug. 23.—The Cubs advanced a day nearer to their championship goal here to-day, when in a ninth inning rally they defeated the Giants in the third and deciding game of their three game series. The Bruins nudged three winners on a wet, heavy day by a score of 3 to 1, the Cubs bagging two runs in the ninth before a man was out. It rained red heavy before the game, and the frays was held up for a spell while the grounds were being drained. The game probably would not have been played but for the fact that the Cubs' Club, an organization of the Chicago Police Department, had been invited to attend the game in a body with their own. They occupied a section of the stand back of the Cubs' bench and rehearsed a score of 3 to 1, the Cubs bagging two runs in the ninth before a man was out. It rained red heavy before the game, and the frays was held up for a spell while the grounds were being drained. The game probably would not have been played but for the fact that the Cubs' Club, an organization of the Chicago Police Department, had been invited to attend the game in a body with their own.

It rained red heavy before the game, and the frays was held up for a spell while the grounds were being drained. The game probably would not have been played but for the fact that the Cubs' Club, an organization of the Chicago Police Department, had been invited to attend the game in a body with their own.

They occupied a section of the stand back of the Cubs' bench and rehearsed a score of 3 to 1, the Cubs bagging two runs in the ninth before a man was out.
